Council's VISION

The Council vision of Hunters Hill is:

- · A sense of history
- A sense of community
- A place to belong
- A sustainable future

Council's MISSION

To protect and enhance the integrity, character and residential amenity of Hunters Hill as Australia's oldest garden suburb – through leadership, community involvement and the pursuit of excellence.

Council's ORGANISATION VALUES

- We will provide a range of services and programs that meet the needs of the community, as effectively and economically as possible.
- We will manage the resources of the organisation efficiently and with proper care to achieve the objectives of the Council, in a fair and equitable manner.
- We are committed to providing quality customer service, accurate and consistent advice and timely responses to all requests.
- We will develop and empower staff to achieve excellence and professional satisfaction in the delivery of services.
- We will promote the principles of ecologically sustainable development (ESD).

Council's CHARTER

The Council Charter is:

- To exercise community leadership.
- To exercise Council functions with due regard for the cultural and linguistic diversity of the Hunters Hill community.
- To properly manage, develop, protect, restore, enhance and conserve the environment of the area.
- To have regard to the long term and cumulative effects of Council decisions.
- To bear in mind that Council is the custodian and trustee of public assets and to effectively account for and manage those assets.
- To facilitate the involvement of Councillors, members of the public, users of facilities and services and Council staff in the development, improvement and co ordination of Hunters Hill.
- To raise funds for local purposes by the fair imposition of rates, charges and fees, by income earned from investments and, when appropriate, by borrowings and grants.
- To ensure that, in the exercise of its regulatory functions, Council acts consistently and without bias, particularly where an activity of the Council is affected.
- To be a responsible employer.
- To keep the Hunters Hill community and the State Government (and through it, the wider community) informed about Council's activities.
- To provide directly or on behalf of other spheres of government, after due consultation, adequate, equitable and appropriate services and facilities for the community and to ensure that those services and facilities are managed efficiently and effectively.

The set of principles in Council's charter is in accordance with the requirements of the Local Government Act, 1993.

About this Report AND YOUR COUNCIL

This Report covers the year to June 2006.

Legislative Framework

Section 428 of the Local Government Act 1993 provides that each year the Council shall publish an Annual Report which provides a comparison between the provisions of the current Management Plan and performance in that year.

The Management Plan sets out Council's strategy for the four years following its publication. The Plan provides statements of:

- The principle activities the Council proposes to conduct
- The objectives and performance targets for each of the principle activities
- The means of achieving the targets
- The manner in which Council purposes to assess its performance in respect of those principle activities.

The Annual Report under Section 428 of the Local Government Act, 1993 reviews how Hunters Hill Council complied with its statutory obligations in 2003/2004.

What is the Annual Report about?

The Report is prepared to provide you with a clear indication of what Hunter's Hill Council has achieved for the community over the last financial year, as compared to the Management Plan.

This document contains a 'Report Card' on Council's achievements against performance targets in its Management Plan and in future will enable you to compare Council's performance and progress from year to year. Council reviews the Management Plan each year to adjust the goals and objectives according to community needs, the economic climate and changes in State or federal Government legislation.

Your Council

Seven councillors, who are elected every four years by residents, govern Hunter's Hill Council. The Councillors role is to direct and control the affairs of Council according to the Local Government Act and other relevant legislation.

Councillors are required to represent the interests of residents and ratepayers, provide leadership and guidance to the community, and encourage communication, between Council and the community.

A popularly elected Mayor (for a four year term) carries out civic and ceremonial duties, to represent Council in business and community forums or meetings, and to preside at Council meetings, and to preside at Council meetings.

Although they spend many hours on Council business, Councillors are not paid a salary, however they do receive a yearly allowance to cover out of pocket expenses. Most Councillors have full time employment or businesses in addition to their Council activities/responsibilities.

The General Manager is the Chief Executive Officer of the Council and is responsible for implementing the decisions of Council. The General Manager is also responsible for the day-to-day management of the Council, exercising any functions delegated by Council, appointing, directing and dismissing staff and ensuring that Council meets its statutory obligations.

Council Meetings

Ordinary Council Meetings are held on the second and fourth Monday of each month, commencing at 7.30pm in the Hunter's Hill Council Chamber.

Council's Business Paper is available from Council Chambers and Gladesville Library on the Friday preceding the meeting.

Meetings are open to the public and if a request is received prior to the meeting to address Council on issues listed in the business paper, this will be arranged.

Elected REPRESENTATIVES

Our seven Councillors including a popularly elected Mayor represent Hunters Hill. Councillors meet on the second and fourth Monday of each month (or Tuesdays where public holidays are concerned) to discuss issues affecting residents and to make decisions on behalf of the local community.

Councillors stand for election because they are interested in the progress and well-being of the Municipality and feel strongly about its continuing viability. Our Councillors work tirelessly for residents by attending meetings, public forums and information sessions to ensure that they remain informed about issues important to the electorate.

Councillors are readily available to residents, either by direct contact or attending Councillor interviews at the Gladesville Shopping Village (held on the 3rd Saturday of each month) to answer any queries that constituents may have.

Council elected the following Councillors at the most recent elections:

Report BY THE MAYOR

Good Design Awards

The Hunters Hill Good Design Awards were enthusiastically received by Council and the local community. The Awards promoted the awareness of positive contributions to the built environment and local heritage and conservation significance for residential or commercial buildings. Judging of the Awards coincided with the NSW National Trust Annual Heritage Festival held in April 2006. These Awards will become a biannual event for the Council.

Crime Prevention Committee

N.R.M.A. at Macquarie kindly offered a donation to assist the Hunters Hill Community Crime Prevention Committee to begin their safety audits. The Community Crime Prevention Committee completed safety audits through the Hunters Hill Municipality over 2005/2006. Residents volunteered with the Police and State Emergency Service. It has taken many months to work through the Municipality. Volunteers contributed about two hours of their time to walk specific areas during daylight and again at dusk noting pitfalls; over hanging branches, bad lighting, hiding places and footpath impedimentations. The aim is to make Hunters Hill a safer place to live and also to raise community awareness.

Green Waste Bin

As a result of resident response to the garden vegetation green waste survey, Council introduced an optional mobile bin for garden vegetation collections when the new Waste and Recycling Contract commenced in mid 2006. The new contract enables households to present their garden vegetation for collection at the kerbside, in a 240 litre green waste mobile bin. Residents are still able to continue with the previous system of presenting green waste in bagged, tied or bundled lots will continue. There is no additional cost for residents for nominating for a green waste bin

Draft Gladesville Master Plan

The Gladesville Town Centre and Victoria Road Draft Master Plan was placed on public exhibition in 2006. Information sessions for residents were held at the Gladesville Library and Hunter's Hill Council to inform residents about the progress and major components of the Plan. Residents were able to meet with the consultants and view the plans.

Economic feasibility and heritage studies were undertaken during 2006 and work is currently proceeding to investigate a number of key model sites, prepare urban design proposals and test their feasibility as a prerequisite to formulating the draft DCP and LEP for the significant area involved. It is anticipated that the Draft DCP will be available for exhibition towards the end of 2006.

Draft Hunters Hill Village Master Plan

A report has been prepared which includes a 'working draft' Master Plan providing an overall vision for the Hunters Hill Village detailing the constraints and principles which

underpin the draft Development Control Plan (DCP). The draft DCP sets out the proposed controls for future development for each of the precincts within the village.

Event Highlights

Council hosted a number of events throughout 2005/2006, including:

- The Volunteers Morning Tea grows each year. Councillors and Council staff thanked all those who volunteered their time and experience and relayed how much we depend on their help.
- The Annual Art and Craft Exhibition was rewarded by increased sales. The craft and sculpture was displayed in the Council Chamber and was very popular with visitors.
- The Food and Wine Festival, run by a committee of volunteer residents, exceeds expectations year by year. Thanks to sponsorship from the Woolwich Dock, the beneficiaries who were Respite Care, B.I.R.D.S., Community Transport and Community Aid received \$3,500 each.
- Hunters Hill RSL held an extremely moving service in the Town Hall on Anzac Eve.
 Members of the RSL marched down Alexandra Street to bagpipes. Each year more and more young people take part in our service.
- Another wonderful Young in Art Exhibition was held in the Town Hall. Our artists of tomorrow excelled to create a very high Exhibition standard and all our local schools were represented.
- Carols by Candlelight was held again at Boronia Park Oval with a larger crowd than the preceding year. The schools delighted the crowd with their singing.

Report BY THE GENERAL MANAGER

Over the next five years Council will be challenged to implement the planning principles contained in the new Metropolitan Planning Strategy, a twenty-five year plan for the future development of Sydney. Continuing the process of urban consolidation within existing suburbs, continues to be a central tenet of this new plan and managing this process of development in a manner that is sustainable to Hunters Hill will be very difficult despite our demonstrated commitment to heritage conservation and sustainability.

A widely used definition of sustainable development is:

'Development that meets the needs of the present generation without compromising the ability of the future generations to meet their own'.

Sustainability encompasses economic, social and environmental goals, which the Council will support through the adoption of sustainability principles that are to be applied in how we conduct our business. In applying these principles, the Council will include the interests of future generations as stakeholders in all development or other proposals, and include consideration of their needs in corporate consultative processes.

The major environmental challenges facing the Council over the next five years, which reflect its geographical, historical and socio-economic context, have been identified.

Local Government has the potential to impact in four main areas, namely:

- (a) WATER quality and conservation
- (b) WASTE minimisation
- (c) ENERGY conservation
- (d) BIODIVERSITY enhancement

A range of outcomes in these areas has been developed and will be achieved by focusing on environmental corporate performance, community participation, in-house demonstrations of environmental management best practice, and a risk management approach.

Green Waste Service

One of Councils first initiatives in these areas has occurred as a result of responses to the garden vegetation survey conducted in 2005. Council introduced an optional green waste bin for garden vegetation collections in the new Waste and Recycling Contract, which commenced in July 2006.

The new contract enables households to present their garden vegetation for collection at the kerb side in a 240 litre green waste mobile bin; and/or bagged, tied or bundled lots.

There has been no additional cost involved with the implementation of this service.

The competitive nature of the tender process for the collection and waste disposal services has meant that from 2006/07 Council is able to provide a range of service options for household garbage, recycling and green waste and waste disposal that are at the leading edge of municipal waste collection and waste avoidance strategies.

Highlights for 2005/2006

Boronia Park - completion of the installation and upgrading of floodlighting at ovals no. 1 and no. 2 to provide lighting that now meets Australian standards.

Playground upgrades - thanks to the excellent fundraising efforts of the volunteers on the Playground Working Party were undertaken at Buffalo Creek Reserve, Harry Shelley Memorial Playground and Harding Memorial Reserve. Construction was also started on a new playground at the High Street end of Boronia Park.

ICLEI (International Cities for Local Environmental Initiatives) – as well a being a member of this organisation Council made a formal commitment to become a participant in the Cities for Climate Protection Australia Program. In doing so we have undertaken to complete an action agenda that will reduce greenhouse emissions from within the Council area. Council was presented with a recognition award by ICLEI in May 2006.

RH Dougherty Award – in August 2005 Council received a Highly Commended award in the Category of Reporting to Your Community for the annual community report.

Local Government Cultural Awards – in May 2006 Council was announced as a winner in the category of Cultural Policy and Planning for its Cultural Plan.

Gladesville Master Plan – progress on the plan continues and we are on target to finalise a draft plan for public exhibition in September/October and adoption before the end of the year.

Hunters Hill Village Master Plan - progress on the plan continues and we are on target to finalise a draft plan for public exhibition in September/October October and adoption before the end of the year.

Management STRUCTURE

In February 1997 Council adopted an Organisational Structure to reflect Council's desire to be more customer focused and to respond to the external pressures of competition policy and competitive tendering.

The purpose of this structure is to:

- Remove barriers to improvement.
- Create a structure that facilitates change.
- Focus on the customer (internal and external).
- Promote an environment that supports continuous improvement.
- Empower employees to act in accordance with their responsibilities.

The Local Government Act (1993) requires that a Council review the organisation structure within the first twelve months after a quadrennial election. In February 2000 Council resolved to reconfirm the above structure.

Other Reporting REQUIREMENTS

(a) Council's audited financial reports

Council recorded a net operating surplus of \$0.510 million for 2005/2006, an increase from a surplus of \$0.443 million in 2004/2005.

Revenue from rates and annual charges was \$6.952 million, grants and contributions \$0.887 million, user charges & fees \$0.842 million, interest \$0.424 million and other revenues was \$0.484 million.

The total expenses from ordinary activities of \$9.079 million included \$0.951 million depreciation, amortization and Impairment of assets.

Overall Council's total cash and investment have increased from \$7,323 million in 2004/2005 to \$7.354 million in 2005/2006. Council's Net Current Assets have increased from \$3.885 million in 2004/2005 to \$4.541 million in 2005/2006

The performance indicators included in this report support this maintained position.

Further information concerning Council's financial performance is shown in the following financial statements and detailed information is contained in Council's audited financial reports, which are available for public inspection.

Other REPORTING REQUIREMENTS

(b) Council's Performance Against Targets

See Section B – Performance Against Targets attached to this Report.

(c) State of the Environment Report in Hunters Hill

The State of the Environment Report (SoE) is designed to comply with the SoE reporting requirements as outlined in the Local Government Act, 1993 and to provide a platform for future strategic planning through the Environmental Management Plan.

The SoE has been complied regionally within the NSROC groups of Councils. The SoE is attached with this Report.

(d) Condition of Public Works

Council has a large inventory of assets for the provision of basic public services and community services.

The category of the assets for reporting purposes are:

- Roads
- Footpaths
- Drainage
- Seawalls
- Wharves
- Baths
- Buildings
- Reserves and the Natural Environment

Most of the Assets have been placed on a database and have been assessed for condition rating. The measurement of improvement in the natural environment is not fully documented at this stage, however the base line condition has been established in many areas.

Roads

Council has an aging inventory of roads and a summary of condition report is given below:

| | Area | % of Total Area | Cost of Upgrade |
|-------------|--------|-----------------|-----------------|
| Condition 1 | 32475 | 5.85 | NA |
| Condition 2 | 192998 | 33.42 | NA |
| Condition 3 | 108772 | 19.59 | NA |
| Condition 4 | 70669 | 12.73 | NA |
| Condition 5 | 75553 | 13.61 | NA |
| Condition 6 | 57687 | 11.73 | \$1138860 |
| Condition 7 | 17059 | 3.07 | \$ 687360 |

The conditions are defined as:

Condition 1 Newly constructed

Condition 2 Over 5 years old but fully maintained as new

Condition 4 Good condition
Condition 5 Average condition

Condition 6 Worn but Serviceable

Condition 7 Poor – Replacement required

The reconstruction or rehabilitation of many of the 6 & 7 condition pavements will require low cost pavement construction methods. Subject to investigations simple solutions may be found for the condition 6 pavements eg. Mill and resheet methods.

Condition 7 pavements could be addressed in a relatively short time frame.

Footpaths

Council has a well developed system for footpath inspection and assessment. The prioritisation of construction maintenance work is based on the strategies developed from the inspection and assessment system.

The replacement of footpaths and provision of new footpath has accelerated in the period. The expansion of telecommunication capacity in the area has resulted in considerable road opening activity with full footpath replacement in many locations.

Whilst street tree plantings represent the largest single factor in footpath distress and risk management exposure the level general condition rating has improved in recent years. Council is in a position to be more responsive to footpath deterioration as it occurs.

Drainage

The needs of the drainage system relate to three factors:

1. Augmentation

The provision of drainage needs to meet with industry best practice. Much of the earlier construction in Hunters Hill were provided to low standards and in many areas the capacity of these earlier lines is substandard as compared to the standards of today. The degree of augmentation required is considerable in some locations. A heavy capital program is required to address these areas. The Environmental Levy will see the progressive study of some of the older catchments where flooding has occurred. The Hillcrest Avenue estate catchment is the first one that has been analysed. Additional studies on the Gladesville Commercial Area catchment and Brickmaker's Creek are being undertaken.

2. Deterioration of Asset

Under the accounting rules set by the Department of Local Government most of Council's drainage lines are fully depreciated. Most of the network presents as being serviceable however with unknown condition rating in some locations failures remain a reasonable probability. Little residual value can be assigned to most of the pipe network.

It is found in these circumstances and from video inspection of pipelines that the original selection of material and specifications was variable. Most of pipeline maintenance is to correct tree root damage.

3. Environmental Improvement

The provision of environmental enhancements on drainage systems is of growing importance. In Hunters Hill this requires the retrofitting of existing systems. Earlier subdivisional standards and narrow easement widths severely limit options for future upgrades.

Environmental enhancements include, gross pollutant traps, trash racks, silt control measures and water quality treatment.

Not withstanding the limitations improvements have been made to a pond in Riverglade Reserve.

Seawalls

Council has a considerable inventory of sea walls. The condition rating on this class of asset is generally poor and some walls have collapsed.

The baseline condition was defined in a joint study with DUAP "Parramatta River Sea Wall Condition Report".

The seawall at Pulpit Point was reconstructed during the period.

Wharves

Council maintains three wharves. The wharves are located at Alexandra Street, Valentia Street and Huntley's Point. The Huntley's Point Wharf is assessed as being in poor condition requiring the replacement of the steel piles.

Baths

Council has maintained two baths.

Woolwich Baths are in good condition.

Henley Baths have been closed for the third season, as major reconstruction work is required. Council is to decide on the future of Henley Baths.

Buildings

Council buildings are in satisfactory condition with maintenance programs flowing on from year to year. Problems exist with older buildings that have exceed their useful lives and require major works to bring them up to a satisfactory standard.

(e) Legal Proceedings

During this period Council received eleven (11) notices of appeal to the Land and Environment Court of NSW against Council's determination of Development Applications or where applicants filed appeals before Council had made a determination of the application under the "Deemed refusal" provisions of the *Environmental Planning and Assessment Act 1979*.

Of the eleven notices that were filed, Council was successful in defending five (5) cases. Three (3) of the appeals were dismissed and two (2) of the cases were discontinued. One of the appeals is still in progress and Council is waiting on a reserved decision on this matter. A total of five (5) appeals were upheld and the court issued consent orders.

The results of these appeals and other legal matters are set out in the table below. As can be seen below, there are a number of appeals that have been discontinued, including resolution through consent orders handed down by the Court following a process of successful negotiated outcomes. This approach of mediation is also endorsed by the Court, following amendments to the court directions, hence resulting in sustainable planning outcomes for both parties.

With regard to upheld appeals, it should be noted that the Court Orders may amend plans from the initial plans to those submitted to Council, and the Orders also provide for additional conditions to the consent which address amenity issues to neighbours and the protection of the streetscape and heritage character of the area.

In addition to appeals Council often requires legal advice from its solicitors, in respect of general matters such as contracts, leases and other matters pertaining to the planning, building and regulatory functions of the Council. For the 2005/2006 period there have been six (6) matters of illegal and unauthorised works, which Council is pursuing, where at this stage four of the appeals are still in progress.

Council's total legal expenditure for the 2005/2006 period, including payment to consultants who were engaged by the Council to act as expert witnesses or when in-house expertise is not available, amounted to \$358,224 made up as follows:

| | 2005/2006 | 2004/2005 | 2003/2004 |

(f) Mayor/Councillor Fees and Expenses

The Mayor receives an annual allowance of \$15,131.00 to assist with Council duties. Councillors receive an allowance of \$94,289.00 per year as well as travel allowances for Council related activities. Councillors attended the following conferences during the year:

 Local Government Association of NSW Conference 2005 at a cost of \$5,000.00. Council has adopted a 'Facilities and Expenses' Policy for Councillors. Separate costs have not been recorded for expenses associated with Council meetings, motor vehicle usage, and expenses related to the use of Council facilities and equipment.

The policy provides for the following facilities to assist Councillors in the performance of their Council duties:

- Reasonable supply of Council stationary
- Business cards
- Hunters Hill tie/scarf
- Name badge
- Use of Committee Room, telephone and office equipment during business hours or otherwise as arranged with the Mayor or approved by the Council
- Transport on works or other committee inspections with relevant staff
- Light refreshments after Council meetings

The following additional facilities are provided for the Mayor:

- Mayoral stationary and postage
- Mayor's office with telephone and use of office equipment
- Access to secretarial support assigned by the General Manager
- Use of the Town Hall or other Council premises for civic or ceremonial purposes without charges

The Mayor and Councillors did not undertake any overseas visits that resulted in any cost to Council.

(g) Senior Staff

The position of General Manager is a Senior Staff position in accordance with Section 334 of the Local Government Act.

The General Manager is generally responsible for the efficient and effective management of the Council's organisation and for ensuring the implementation, without undue delay, of decision of the Council.

Particular functions of the General Manager include:

- The day-to-day management of Council.
- To exercise such of the functions of Council as are delegated by Council to the General Manager.
- To appoint staff in accordance with an organisational structure and resources approved by the Council.
- To discipline and dismiss staff.
- To implement Council's equal Opportunity Management Plan.
- Other functions as may be conferred or imposed on the General Manager by or under the Local Government Act or any other Act.

The current General Manger commenced service on 23 September 1996 on a five-year performance based contract and renewed for a further five years from 23 September 2001.

- a) Total remuneration package for 2005-06 of General Manager = \$148,032
- b) Total amount of any bonus payments, performance or other payments that do not form part of the salary component = \$5000
- c) Total payable superannuation (salary sacrifice and employers contribution) = \$16,325
- d) Total value non-cash benefits = \$11,707
- e) Total payable fringe benefits tax for non-cash benefits = \$0

(h) Contracts Awarded

Council awarded no contract during 2005/2006 that exceeded \$100,000.

(i1) Bush Fire Hazard Reduction Activities

Hunter's Hill Council is included in the NSW Fire Brigades district ZONE NORTH 2 together with Willoughby, Ryde Lane Cove Council's and Lane Cove National Park, administered by NPWS.

Due to the mainly small size of the remnant bushland in Hunters Hill and the need to protect the habitat values there are very few broad acre burns, instead pile hazard reduction burns are undertaken. These are carried out by NSW Fire Brigades, Bushfire/Rescue Section. See the annual State of Environment Report forwarded with this report for further details.

(I) Contributions or Grants Under Section 356.

Community Grants and Donations

Total expenditure was \$6500 and individual grants and donations are listed below.

| Recipient Organisation | Amount |
|---------------------------------------|--------|
| Easy Care Gardening | \$100 |
| Riverside Preschool | \$100 |
| Technical Aid to the Disabled | \$200 |

(m) Human Resource Activities

The human resources plan identifies key components, which determine the future direction of Council in terms of its strategic management of people. Within each of these components, specific human resources strategies are identified, which have either been implemented, or are currently being developed, to enable the successful achievement of Council's human resources objectives.

Some of the key human resources activities conducted during the 2005/06 year have been outlined in the matrix below:

| STAFF INDUCTION / COUNCIL ORIENTATION |
|---------------------------------------|
| Update employee handbook |

| Conduct induction accoion |

| Review competencies |
| Conduct appraisals |
| Draft performance management letters |
| Performance Review handbook for staff and team leaders |
| Rewards scheme for staff - Employee of the Quarter |
| Staff Counselling / Complaints |
| SEPARATION |
| Exit Interviews |

TRAINING AND DEVELOPMENT

The human resources plan provides that Council adopts a planned and structured approach to training and development to:

Ensure that the current training needs at organisational, departmental and individual employee levels are met, thus improving organisational performance and effectiveness

Identify current and future requirements for training i.e. skills development

Facilitate the development of a "learning" culture within Council including job rotation, coaching and monitoring

Measure the effectiveness of training and development plan.

Training during the 2005/06 focussed primarily on compliance training for legal requirements and continued to support specialised, technical skills and new information technology to improve employee skills in this area.

In-house training was provided to staff in the area of Business Writing and Grammar.

The Occupational Health and Safety Act (2000) requires employers to ensure the physical and psychological health, safety and welfare of all employees. This includes the issue of workplace bullying. Both indoor and outdoor staff attended briefings and workshops on "Good Working Relationships".

EQUAL EMPLOYMENT OPPORTUNITY

Hunters Hill Council is committed to providing a workplace free from discrimination and harassment and to ensuring that all employees and prospective employees are afforded equal access to opportunities and benefits related to employment, promotion and training.

Council has prepared and implemented an Equal Employment Opportunity Plan. The plan includes provisions relating to:

- a) The devising of policies and programs by which the objects of this Part are to be achieved.
- b) The communication of those policies and programs to persons within the staff of the council.
- c) The collection and recording of appropriate information.
- d) The review of personnel practices within the council (including recruitment techniques, selection criteria, training and staff development programs, promotion and conditions of service) with a view to the identification of any discriminatory practices.
- e) The setting of goals or targets and assessing the success of the plan in achieving such goals.
- f) The revision and amendment of the plan.
- g) A council may, from time to time, amend its equal employment opportunity management plan.

Hunters Hill Council's Consultative Committee approved the EEO Plan at the meeting on 30 August 2006. At the meeting the Committee recommended that the EEO Plan be submitted to Council for formal adoption.

COMPETENCY ASSESSMENTS

Competency assessments of office and outdoor staff have been undertaken to assist in the training needs analysis process.

Council uses the criteria/competencies identified for each position to ensure both internal / external training programs and tertiary courses are delivering those competencies.

Council is committed to ensuring that external training programs are accredited, evaluated and reviewed regularly to maintain relevancy, currency and quality of courseware and course delivery.

Council continues to support staff undertaking qualifications related to their current position or in line with their career path at Council. Financial support is provided through its Study Assistance scheme.

EQUAL EMPLOYMENT OPPORTUNITY (EEO)

MANAGEMENT PLAN

2006 - 2010

INTRODUCTION

The purpose of Hunters Hill Council's EEO Management Plan is to eliminate discrimination in the workplace and provide actions to ensure equality in the workplace.

Aims of Hunters Hill Council's EEO Management Plan:

To ensure that prospective employees are treated equitably when applying for positions within Council.

- * To facilitate the fair and equitable treatment of its employees by promoting a workplace free of discrimination.
- * To promote and encourage good working relationships and providing a workplace free of harassment.

Treating people fairly and equitably, and recognising that each person can contribute something valuable to Council, will assist employees in realising their full potential whilst also enhancing Council's effectiveness, efficiency and service to the community.

The Anti-Discrimination Act (1977) provides that it is illegal to discriminate on a number of grounds as outlined in Council's EEO policy. Every employee of Hunters Hill Council has a responsibility to ensure compliance with this legislation.

1. COMMUNICATION AND AWARENESS

- 1.1 To ensure that all employees (ie supervisory and non-supervisory employees) are aware of:
 - * EEO principles
 - * Their responsibilities in relation to EEO principles
 - * The existence of the EEO Management Plan and where it is located
 - * Council's lack of tolerance of harassment in the workplace.

Privacy and Personal Information Protection Act 1998

Hunter's Hill Council complies with the requirements of the PPIP Act 1998. The Hunter's Hill Council Privacy Code of Practice (listed below) incorporates all of the principles of the Act.

Purpose

The Privacy and Personal Information Protection Act 1998 (the "PPIPA") provides for the protection of personal information, and for the protection of the privacy of individuals generally.

The effect of this Code is to modify: the Information Protection Principles contained in Part 2, Division 1 of the PPIPA, and the provisions of Part 6 of the PPIPA, as they relate to Local Government.

Applicability

This Code applies to Councillors, employees and customers of Council.

Scope

This Code applies to that part of the information collected or held by Council that is personal information.

Background

This Privacy Code of Practice (the "Code") is made under Part 3 Division 1 of the PPIPA. It was gazetted on 30th June 2000 and took effect from 1st July 2000.

In addition to Hunter's Hill Council Privacy Code of Practice, Council must have a Privacy Management Plan (the "Plan"). The Plan outlines processes to complement this Code.

The operative elements of this Code, so far as the Information Protection Principles and Part 6 of the PPIPA are modified, are shown in Part 3 with respect to Public Registers and in Part 4 after the relevant Information Protection Principle and marked "Modification".

Explanatory notes contained in this guide serve no legal purpose of interpretation and are intended only for the purpose of clarification or expansion.

Compliance

This Code will be made by an order published in the Government Gazette. This Code takes effect once the order making this Code is published (or such later date as may be specified in the order) and the Council to whom this Code applies must comply with its provisions.

The Council's Privacy Management Plan includes provisions to comply with the obligations imposed by the PPIPA having regard to this Code.

Complaints

Complaints in respect of the protection and obligations arising under PPIPA and this Code should be addressed to the General Manager of the Council. All complaints will then be forwarded to the Privacy Contact Officer for review. Complaints may alternatively be directed to the Privacy Commissioner.

The Council continues to support a range of multicultural groups in the community through involvement in local festivals and community events

An Italian Day Care Centre has continued to operate from Gladesville Rd Community Centre offering meals to elderly residents of Italian background. Council also supports the Chinese Day Centre operated on Mondays by Hunters Hill Respite Care.

Council provided a \$15,000 grant to Gladesville and District Community Aid. They provide a volunteer visiting program for the Italian community.

Council continued its strong link with a sister city in France and supported the work of the Lé Vesinet Friendship Committee.

The Aboriginal community in the area is small and programs have not been specifically targeted at this community. An active reconciliation group is operating in the community and has participated in local festivals and events. Council has participated on the Northern Sydney Aboriginal Social Plan Working Group.

(iii) Children's Services

Council provided a range of support to children's services in the Local Government Area.

Meetings of the Children's Services Advisory Committee were held every six months. Ongoing support was also provided by Council staff to the before and after school care services, Riverside Preschool, Hunters Hill Preschool, Henley Long Day Care Centre, Family Day Care, Gladesville Occasional Care and playgroups.

The Hunters Hill Playground Working Party, a Council Committee including representatives from the community, Councillors and Council staff worked hard to fundraise to improve children's playgrounds in the Municipality. New playgrounds were completed at Boronia Park North and Harding Memorial Reserve, Hillcrest Ave, Gladesville.

(iv) Access & Equity of Services

Hunter's Hill Council adopted the 2005-2009 Hunters Hill Social Plan in March 2005. The Plan outlines the needs of specific target groups in the community and identifies the community services and facilities required. Council has considered the Social Plan when formulating its annual management plan and worked toward the implementation of some of its recommendations.

The Social Plan includes the following sections;

| Section 1 | Introduction |
|------------|---|
| Section 3 | Population Profile |
| Section 4 | Children |
| Section 5 | Youth |
| Section 6 | Older People |
| Section 7 | Disability |
| Section 8 | Culturally & Linguistically Diverse Communities |
| Section 9 | Women |
| Section 10 | Northern Sydney Aboriginal Social Plan |

A summary of Council's proposed activities and initiatives in relation to access and equity activities were outlined in Council's 2005/06 Management Plan.

An access and equity activity is defined as one that assists Council to:

 Promote fairness in the distribution of resources, particularly for those most in need

- Recognise and promote people's rights and improve the accountability of decision makers
- Ensure that people have fairer access to the economic resources and services essential to meeting their basic needs and improving their quality of life
- Give people better opportunities for genuine participation and consultation about decisions affecting their lives.

A summary of Council's achievements in relation to access and equity within the past 12 months against these proposals is provided below.

(v) Competition Policy

Under the Competition Principles Agreement, the New South Wales Government is responsible for applying national competition policy principles such as competitive neutrality to local government, and to publish an annual report on the implementation of those principles.

Councils are now required to include information in annual on the following: A list of all Category 1 business activities of Council.

Category 1 business activities are business which bring in over \$2 m per year in gross operating income.

Council has no category 1 businesses.

A list of all Category 2 business activities of the Council.

Council has no Category 2 businesses.

A summary of the progress of the Council in implementing the principles of competitive neutrality:

The principle of Competitive Neutrality is essentially that government business should operate without net competitive advantages over other business as a result of their public ownership.

In adopting the new organisation structure in February 1987, a 'service-v-provider' delineation has been adopted.

There has been no competitive neutrality complaints received by Hunter's Hill Council in the 2005-2006 financial year.

Section B - PERFORMANCE AGAINST TARGETS

- 1. Continuous Improvement Program
- 2. Measuring Performance
- 3. Key Performance Indicators Outlined
- 4. Profile of Councils
- 5. Performance Indicators (Based on Comparative Analysis indicators collected by the Department of Local Government).

Continuous IMPROVEMENT PROGRAM

Council has adopted the ideology of QUALITY MANAGEMENT & has embraced the concept of CONTINUOUS IMPROVEMENT as the means of improving quality of service & the manner of service delivery to our customers.

To ensure that we meet our objectives, the following principles have been recognised as fundamentals for success:

- Management of process quality.
- The use of data for decision-making.
- Encouraging the involvement of our staff.
- Focussing on customer satisfaction.
- Leadership.
- Encouraging innovation in service provision and management.

Measuring PERFORMANCE

Continuous improvement to our services can only be achieved by collecting, monitoring & analysing data. By measuring our current performance levels & reporting these on a regular basis to our community, we will be able to gauge the 'level' of improvement.

This plan includes indicators that will be used to measure performance in delivering services & activities to the community. These measures are designed to assist management in identifying areas where we can improve our service delivery, & respond more effectively to meeting community needs.

Performance can be measured at a number of levels:

- At an *organisational level*, we will be using a number of *Key Performance Indicators*, which reflect overall performance as an organisation. These are shown on the following pages.
- For each *Key Result Area*, we need to measure the community's satisfaction with the services we are providing, through an annual survey.
- For each *Business Program*, there is an identified range of Business Performance Indicators as developed for our industry. These indicators allow the performance of each specific business unit to be measured for comparative analysis with our own targets, & with other Council's. These indicators are consistent nationally across local government.

A Community Survey is undertaken annually to enable Community Satisfaction Indices to be developed. Council has undertaken a survey every year since 1997/98 and the results utilised in the decision making process.

Key performance indicators for council

| KEY RESULT AREA | BUSINESS PERFORMANCE | INTENT OF MEASUREMENT |
|---------------------------------------|--|--|
| COMMUNITY SATISFACTION | Level of community satisfaction with Council's performance, as measured by community survey response. | To measure the community perception of Council performance. |
| COUNCILLOR SATISFACTION | Level of Councillor satisfaction with service provided by organisation. | To measure the level of satisfaction of Councillors as customers of the organisation through an annual survey. |
| ORGANISATIONA L CLIMATE | Level of employee satisfaction with Council as a workplace. | To measure the level of satisfaction of employees in working for Council through an annual survey. |
| COMMUNITY AWARENESS | Level of community awareness & understanding of Council services (specific question from annual community survey). | To gauge the success of Council's Public Relations Program. |
| FINANCIAL PERFORMANCE | i. Operating revenue as proportion of Council services;ii. Current liquidity ratio; &iii. Level of unencumbered equity. | To reflect the achievement of Council's adopted financial objectives. |
| CUSTOMER RESPONSE | i. Average turnaround time of Applications; ii. Percentage of correspondence answered within 12 days; & iii. Average turnaround time for correspondence. | To measure response time to key customer requests. |
| PLANNING CAPACITY & CAPABILITY | To be developed. | To measure Council's ability to undertake its planning responsibilities. |
| ROAD CONSTRUCTION & MAINTENANCE | Road Management Index (to be developed from <i>Business Performance Indicators</i>) | To measure Council's performance in providing & maintaining its road assets. |

Key PERFORMANCE INDICATORS (continued)

| WASTE MANAGEMENT | Tonnage of waste deposited at tip per household in scavenging area. | To measure effectiveness of recycling program. | | | |
| COMMUNITY SERVICES | Index to be developed. | To measure level of usage of Council provided services. | | | |

Comparative Information on New South Wales Local Government Councils 2003/2004

The following information provided the source of data for this publication and includes an extract of those sections of the overall publication that relate to Hunters Hill Council.

Profile of Councils

The Australian Classification of Local Governments categorises councils according to their socio-economic characteristics and their capacity to deliver a range of services to the community. There are nineteen Councils in this group although this will be reduced to seventeen following the amalgamation of Concord and Drummoyne Councils.

The category averages shown in the performance indicators within this report are based on information provided from the nineteen councils categorised as urban, developed and small or medium for the 2003/2004 financial year.
